Auditors' Report

To the Shareholder of Pictet Overseas Inc.

We have audited the balance sheet of **Pictet Overseas Inc.** as at December 31, 2006 and the statements of earnings, changes in shareholder's equity and cash flows for the year then ended. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards in the United States of America. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the company as at December 31, 2006 and the results of its operations and its cash flows for the year then ended in accordance with generally accepted accounting principles in the United States of America.

We have also audited the schedule of computation of net capital as at December 31, 2006, which is presented for the purpose of meeting the requirements of Rule 17a-5 of the Securities Exchange Act of 1934 and is not a required part of the basic financial statements. In our opinion, this schedule presents fairly the information contained therein, in all material respects, in relation to the financial statements taken as a whole.

The company is eligible for various tax credits with respect to qualifying International Financial Center activities. These credits were accounted for as a reduction of the related costs to which they pertain.

Foreign currency translation

These financial statements have been prepared in U.S. dollars. Revenues and expenses denominated in a foreign currency are translated at the average rates prevailing during the year. Chartered Accountants' Supplementary Report on Internal Accounting Control

To the Board of Directors of Pictet Overseas Inc.

As part of our audit of the financial statements of **Pictet Overseas Inc.** as at December 31, 2006 and for the year then ended on which we reported under date of February 22, 2007, we considered the company's system of internal controls to the extent we considered necessary to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the financial statements. Our work was more limited than would be necessary to express an opinion on the company's system of internal controls taken as a whole.

Because of inherent limitations in any system of internal controls, errors or irregularities may nevertheless occur and not be detected by the system. Also, projection of any evaluation of a system to future periods is subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with controls may deteriorate.

As our work was performed for the limited purpose described in the first paragraph above, it would not necessarily identify material weaknesses in the system of internal controls. Accordingly, we do not express an opinion on the company's system of internal controls taken as a whole. However, our work disclosed no condition that we believe to be a material weakness. For the purposes of this report, material weakness is a condition in the system of internal controls which could result in more than a relatively low risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period in the normal course of operations.

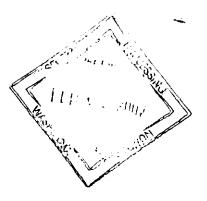

This report is solely for the use of the Board of Directors of Pictet Overseas Inc. and National Association of Securities Dealers, Inc. and is not to be used by any other party.

Chartered Accountants' Supplementary Report on Computation of Net Capital

To the Board of Directors of Pictet Overseas Inc.

In connection with Rule 17a-5(a) of the Securities Exchange Act of 1934, we have performed the following procedure with respect to Form X-17a-5, Part II of the Financial and Operational Combined Uniform Single Report ("Focus Report") of **Pictet Overseas Inc.** (the "company") as at December 31, 2006:

As required under Rule 17a-5(d)(4) of the Securities Exchange Act of 1934, we compared the computation of net capital under Rule 15c 3-1, included as a schedule with the audited financial statements, and the corresponding unaudited most recent Part IIA filing of Form X-17a-5 of the Focus Report dated January 22, 2007 and found them to be materially in agreement.

As a result of applying the above procedure, we did not identify any amounts that were materially different between the Focus Report and the audited financial statements of the company as at December 31, 2006 and the schedule of computation of net capital as at December 31, 2006. However, the above procedure does not constitute an audit and accordingly we do not express an opinion on the Focus Report referred to above as at December 31, 2006.

Our procedures were conducted solely to assist you in complying with Rule 17a-5(d)(4), and our report is not to be used for any other purpose.
